EDINBURGH POSTNATAL DEPRESSION SCALE (EPDS)

The EPDS was developed for screening postpartum women in outpatient, home visiting settings, or at the 6–8 week postpartum examination. It has been utilized among numerous populations including U.S. women and Spanish speaking women in other countries. The EPDS consists of 10 questions. The test can usually be completed in less than 5 minutes. Responses are scored 0, 1, 2, or 3 according to increased severity of the symptom. Items marked with an asterisk (*) are reverse scored (i.e., 3, 2, 1, and 0). The total score is determined by adding together the scores for each of the 10 items. Validation studies have utilized various threshold scores in determining which women were positive and in need of referral. Cut-off scores ranged from 9 to 13 points. Therefore, to err on safety's side, a woman scoring 9 or more points or indicating any suicidal ideation – that is she scores 1 or higher on question #10 – should be referred immediately for follow-up. Even if a woman scores less than 9, if the clinician feels the client is suffering from depression, an appropriate referral should be made. The EPDS is only a screening tool. It does not diagnose depression – that is done by appropriately licensed health care personnel. Users may reproduce the scale without permission providing the copyright is respected by quoting the names of the authors, title and the source of the paper in all reproduced copies.

Instructions for Users

1. The mother is asked to underline 1 of 4 possible responses that comes the closest to how she has been feeling the previous 7 days.
2. All 10 items must be completed.
3. Care should be taken to avoid the possibility of the mother discussing her answers with others.
4. The mother should complete the scale herself, unless she has limited English or has difficulty with reading.

Healthy New Moms: Maryland's Campaign to End Depression During & After Pregnancy is an outreach campaign of the Mental Health Association of Maryland, funded by a grant from the U.S. Department of Health and Human Services, Health Resources and Services Administration, Maternal & Child Health Bureau. For more information: 1-800-572-MHAM (6426). Campaign materials printed with the support of the Maryland Department of Health and Mental Hygiene.

EDINBURGH POSTNATAL DEPRESSION SCALE (EPDS)

Name: _____
Date: _____
Address: _____
Baby's Age: _____

As you have recently had a baby, we would like to know how you are feeling. Please UNDERLINE the answer which comes closest to how you have felt **IN THE PAST 7 DAYS**, not just how you feel today.

Here is an example, already completed.

I have felt happy:

Yes, all the time

Yes, most of the time

No, not very often

No, not at all

This would mean: "I have felt happy most of the time" during the past week. Please complete the other questions in the same way.

In the past 7 days:

- | | |
|--|---|
| <p>1. I have been able to laugh and see the funny side of things
 As much as I always could
 Not quite so much now
 Definitely not so much now
 Not at all</p> | <p>*6. Things have been getting to me
 <u>Yes, most of the time</u> I haven't been able to cope at all
 Yes, sometimes I haven't been coping as well as usual
 No, most of the time I have coped quite well
 No, have been coping as well as ever</p> |
| <p>2. I have looked forward with enjoyment to things
 As much as I ever did
 Somewhat less than I used to
 Definitely less than I used to
 Hardly at all</p> | <p>*7. I have been so unhappy that I have had difficulty sleeping
 Yes, most of the time
 Yes, sometimes
 Not very often
 No, not at all</p> |
| <p>*3 I have blamed myself unnecessarily when things went wrong
 Yes, most of the time
 Yes, some of the time
 Not very often
 No, never</p> | <p>*8. I have felt sad or miserable
 Yes, most of the time
 Yes, quite often
 Not very often
 No, not at all</p> |
| <p>4. I have been anxious or worried for no good reason
 No, not at all
 Hardly ever
 Yes, sometimes
 Yes, very often</p> | <p>*9 I have been so unhappy that I have been crying
 Yes, most of the time
 Yes, quite often
 Only occasionally
 No, never</p> |
| <p>*5. I have felt scared or panicky for no very good reason
 Yes, quite a lot
 Yes, sometimes
 No, not much
 No, not at all</p> | <p>*10. The thought of harming myself has occurred to me
 Yes, quite often
 Sometimes
 Hardly ever
 Never</p> |
